

How to add your Quincy College email address to the Gmail iPhone app

Step 1. Before adding your QC email to the Gmail app, *you must be able to log into Quincy College*

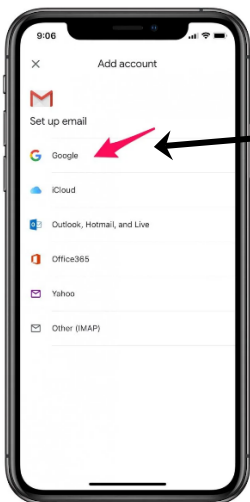

Connect at <https://quincycollege.libanswers.com/faq/415476>

Instructions for activating/resetting your Connect account can be found here:

<https://quincycollege.libanswers.com/faq/415476>

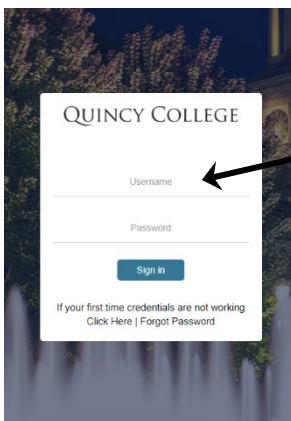

Step 2. Go to the Gmail app on your phone and press the top right circle (where your initial or image is located), you should see a screen like the one on the left.

Step 3. Click on "Add another account" and select "Google"

Step 4. Enter your Quincy College email address when prompted. After you enter your QC email, you should be redirected to <https://connect.quincycollege.edu>

Step 5. Enter your QC Connect credentials

Step 6. After you sign in, your QC email should be added as an account to the app.
